With a friend \$275pp

MORE LESSONS PER HOUR

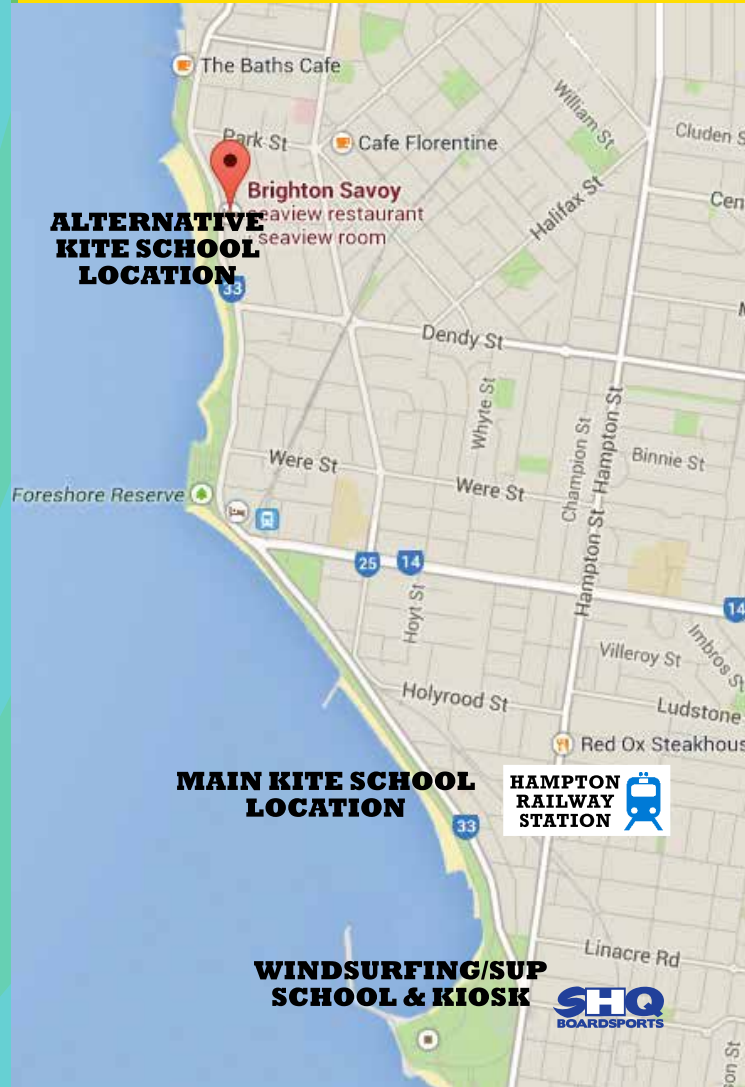

Private \$90

LOCATION

Sandy Beach HQ Kiteboarding School is located on Hampton Beach, just 150m south of the New Street railway gates and opposite #6 Beach Road. Look for our flags and van parked opposite. You can park on the beach side of Beach Rd. after 10am.

This superb kiting spot is some 1k north of our windsurfing and SUP schools and our charming kiosk ... which all share the marvellous 100 year old boat shed right on the beach in beautiful Sandringham Harbour.

In certain wind conditions we also conduct kite lessons on Brighton Beach, opposite the Brighton Savoy hotel on Beach Road.

SBHQ GIFT VOUCHERS

An SBHQ Gift Voucher makes for a terrific present, especially at Christmas. These are available for all of our kiteboarding, SUP and windsurfing lessons and rentals.

WHERE KITEBOARDING STARTED IN MELBOURNE

Just as this new sport was taking off overseas, so too SBHQ was pioneering kiteboarding in this state. We started the first kite school, ran the first state titles & established the peak body for the sport: Kiteboarding Victoria.

With top-notch, licensed Instructors and two of the best beaches on which to teach the sport, you really have come to the right place!

We will get you going safely and thoroughly. And when it comes time to learn how to put your feet in the straps and head out onto the Bay, you will be in constant contact with your Instructor via Radio Communication. We are the **only** School to have invested in this invaluable, on-water teaching method.

Depending on the wind, we teach at either Hampton Beach or Brighton ... we are the only school permitted to do so. Both beaches are far less crowded than the chaotic St. Kilda beaches and parking is that much easier.

LESSONS

GET READY TO FLY: 1 HOUR INTRO

PRIVATE \$90

Prepare yourself for action! This hands-on one hour introductory lesson focuses on the basics of equipment set-up, flying the kite and controlling the power. Safety is the priority at all times and after this session you will be ready to hit the water.

GET WET: 2 HOUR INTRO. \$170 OR \$115 EACH FOR YOU AND A FRIEND OR \$95 EACH FOR A FAMILY OF THREE

Once you've completed the GET READY TO FLY syllabus (above), you progress to powered body drags (including upwind), you learn launching skills plus self-rescue techniques. The final step in this lesson is to get the unforgettable feel of the raw power out on the water.

GET RIDING: 5 HOURS

Here we start out with the all-important GET READY TO FLY syllabus, work through the GET WET lesson and then, with those three hours under your belt, you are now primed to get up and riding on the board. When you do this, you will have the **huge** advantage of being able to hear your Instructor via our Radio Communication (we are the only school to adopt this terrific teaching technique).

The goal now becomes to provide you with all the necessary skills and advice to purchase the appropriate gear and join the happy throng who revel in the kiteboarding lifestyle. What's more, you can now legitimately call yourself a "Kiteboarder"!

We use Instructor-Student Radio Communication for the best lesson experience possible.
